2. Mediation in Ukraine: main achievements and challenges.

3. IP mediation in Ukraine and IP office.

The main types of ADR used in Ukraine are mediation, negotiation and arbitration.

Arbitration.

There are two arbitration institutions in Ukraine:

- 1) The International Commercial Arbitration;
- 2) The Maritime Arbitration Commission (both under the auspices of the Ukrainian Chamber of Commerce and Industry).

According to the ICAC statistics, the number of cases accepted for consideration in 2019 was 243, and in 2023, the ICAC accepted 584 cases for consideration. At the same time, according to the ICAC's information on the timeframe for consideration of cases, 65.11% of cases are considered within three months. The number of cancelled desicions does not exceed 1%.

4. TRAINING OF MEDIATORS

Professional requirements for a mediator

A mediator may be an individual who has a Master`s degree and has undergone basic mediation training in Ukraine or abroad.

A mediator may not be a person with a criminal record, a person whose civil capacity is limited, or an incapacitated person.

The basic training of mediators is carried out according to the programme with the scope (duration) of 90 hours training, including at least 45 hours of practical training.

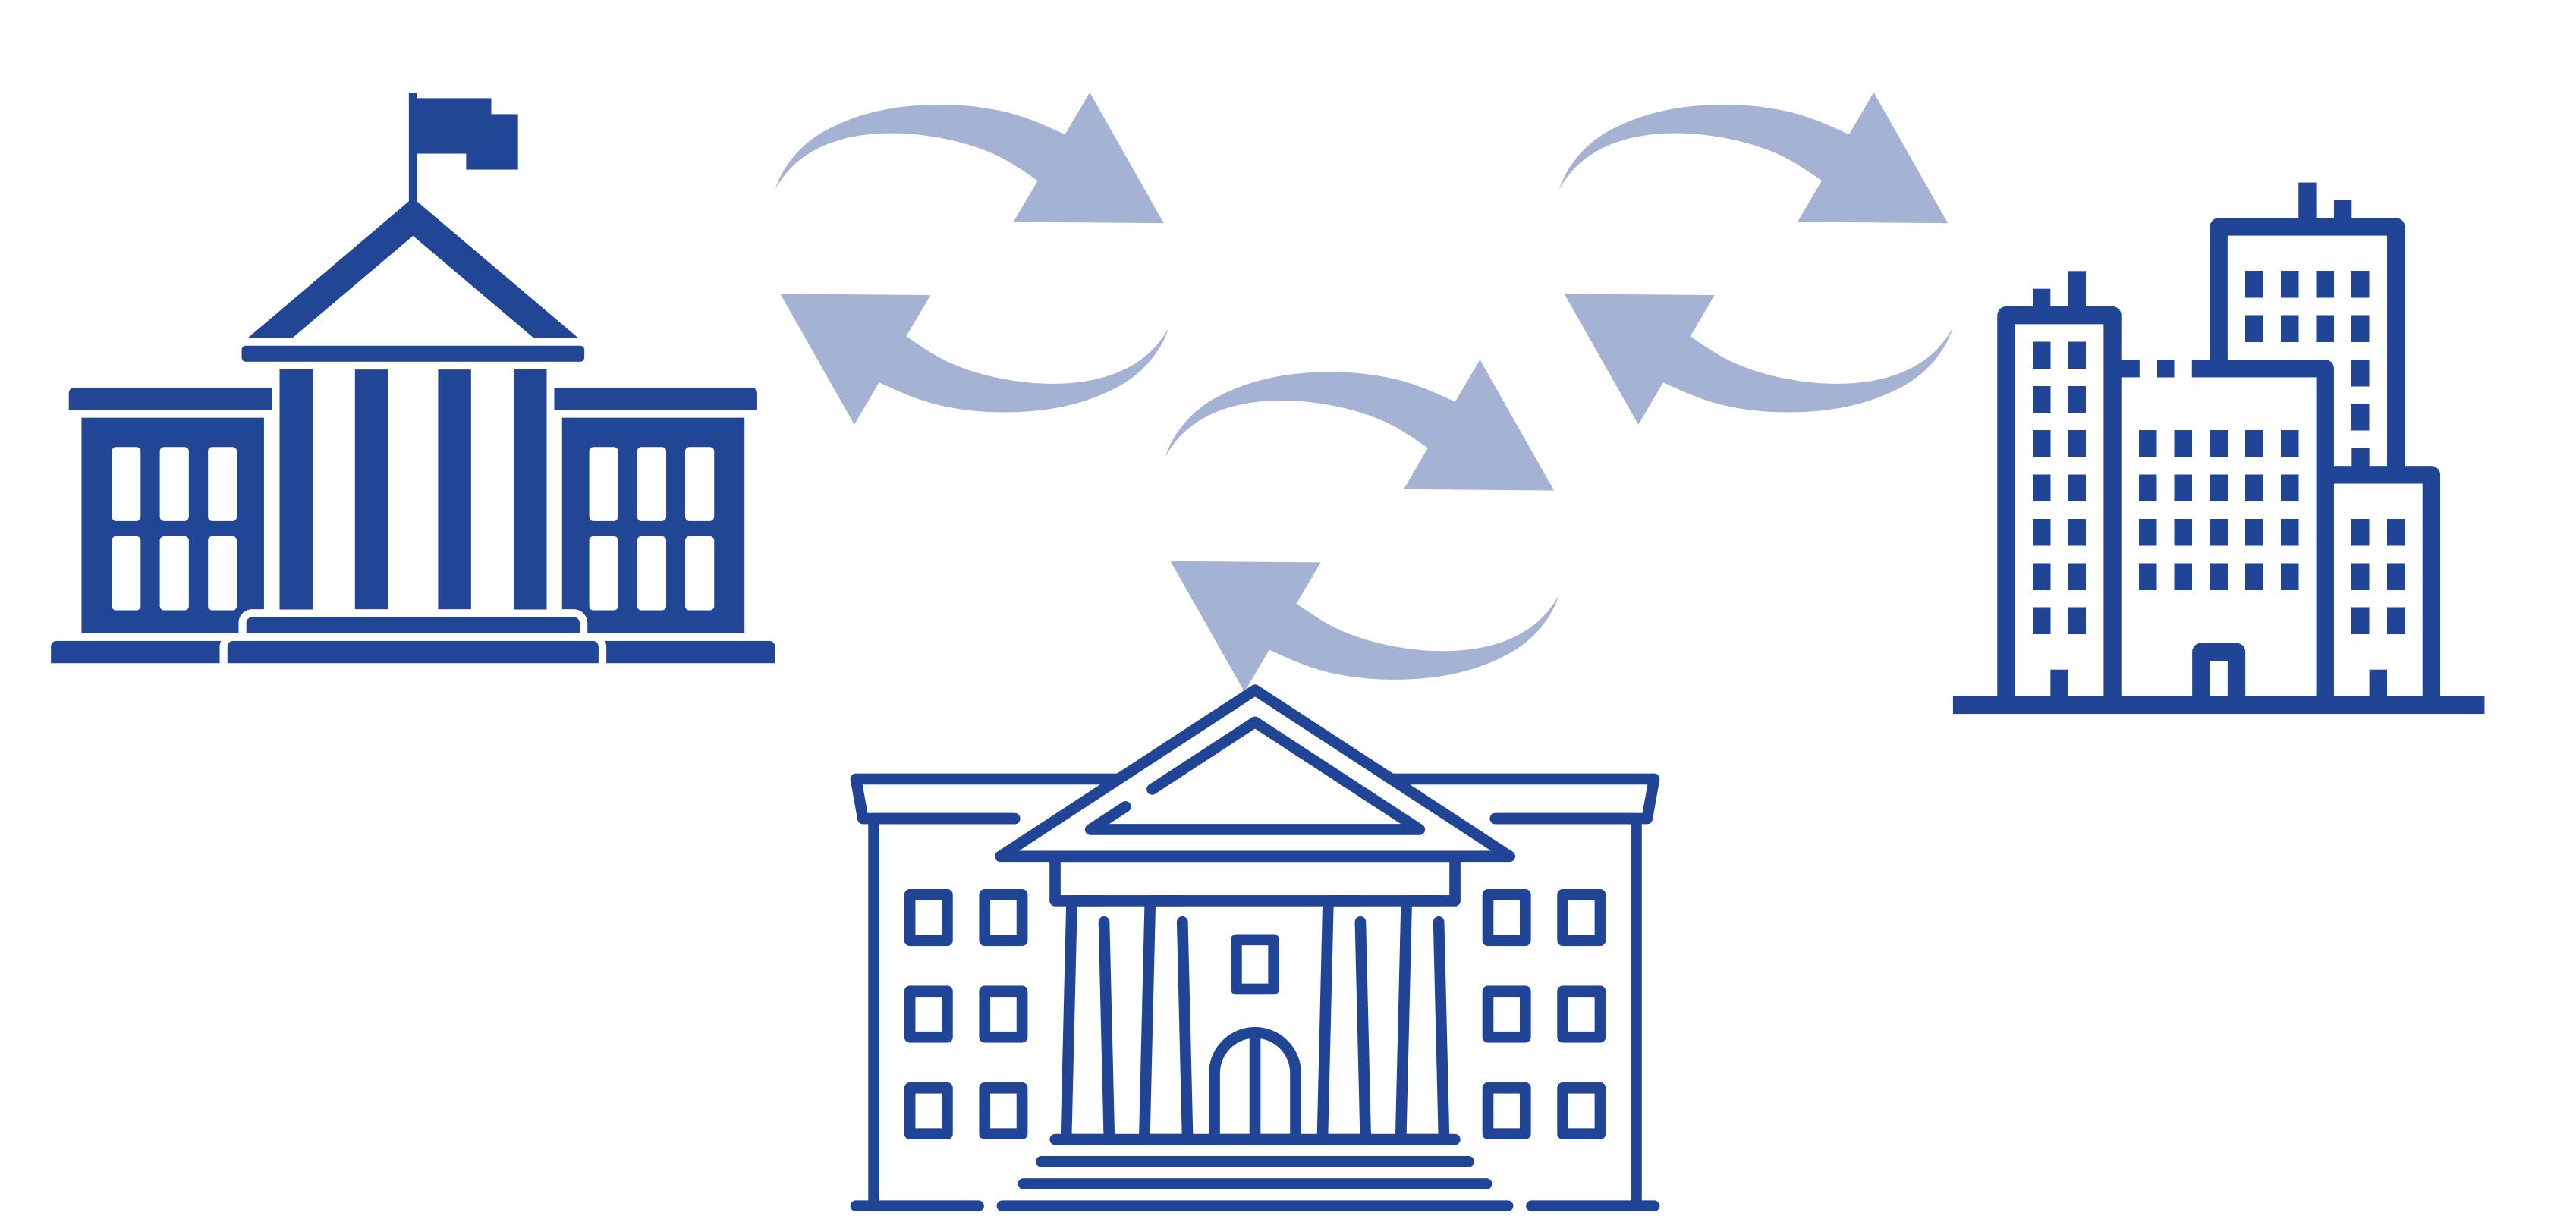

Upon completion of the training, a certificate is issued, which is accompanied by a list of the components of the training programme and the acquired competencies.

Challenges

Coordination of various mediation centres and organisations - Interagency coordination service.

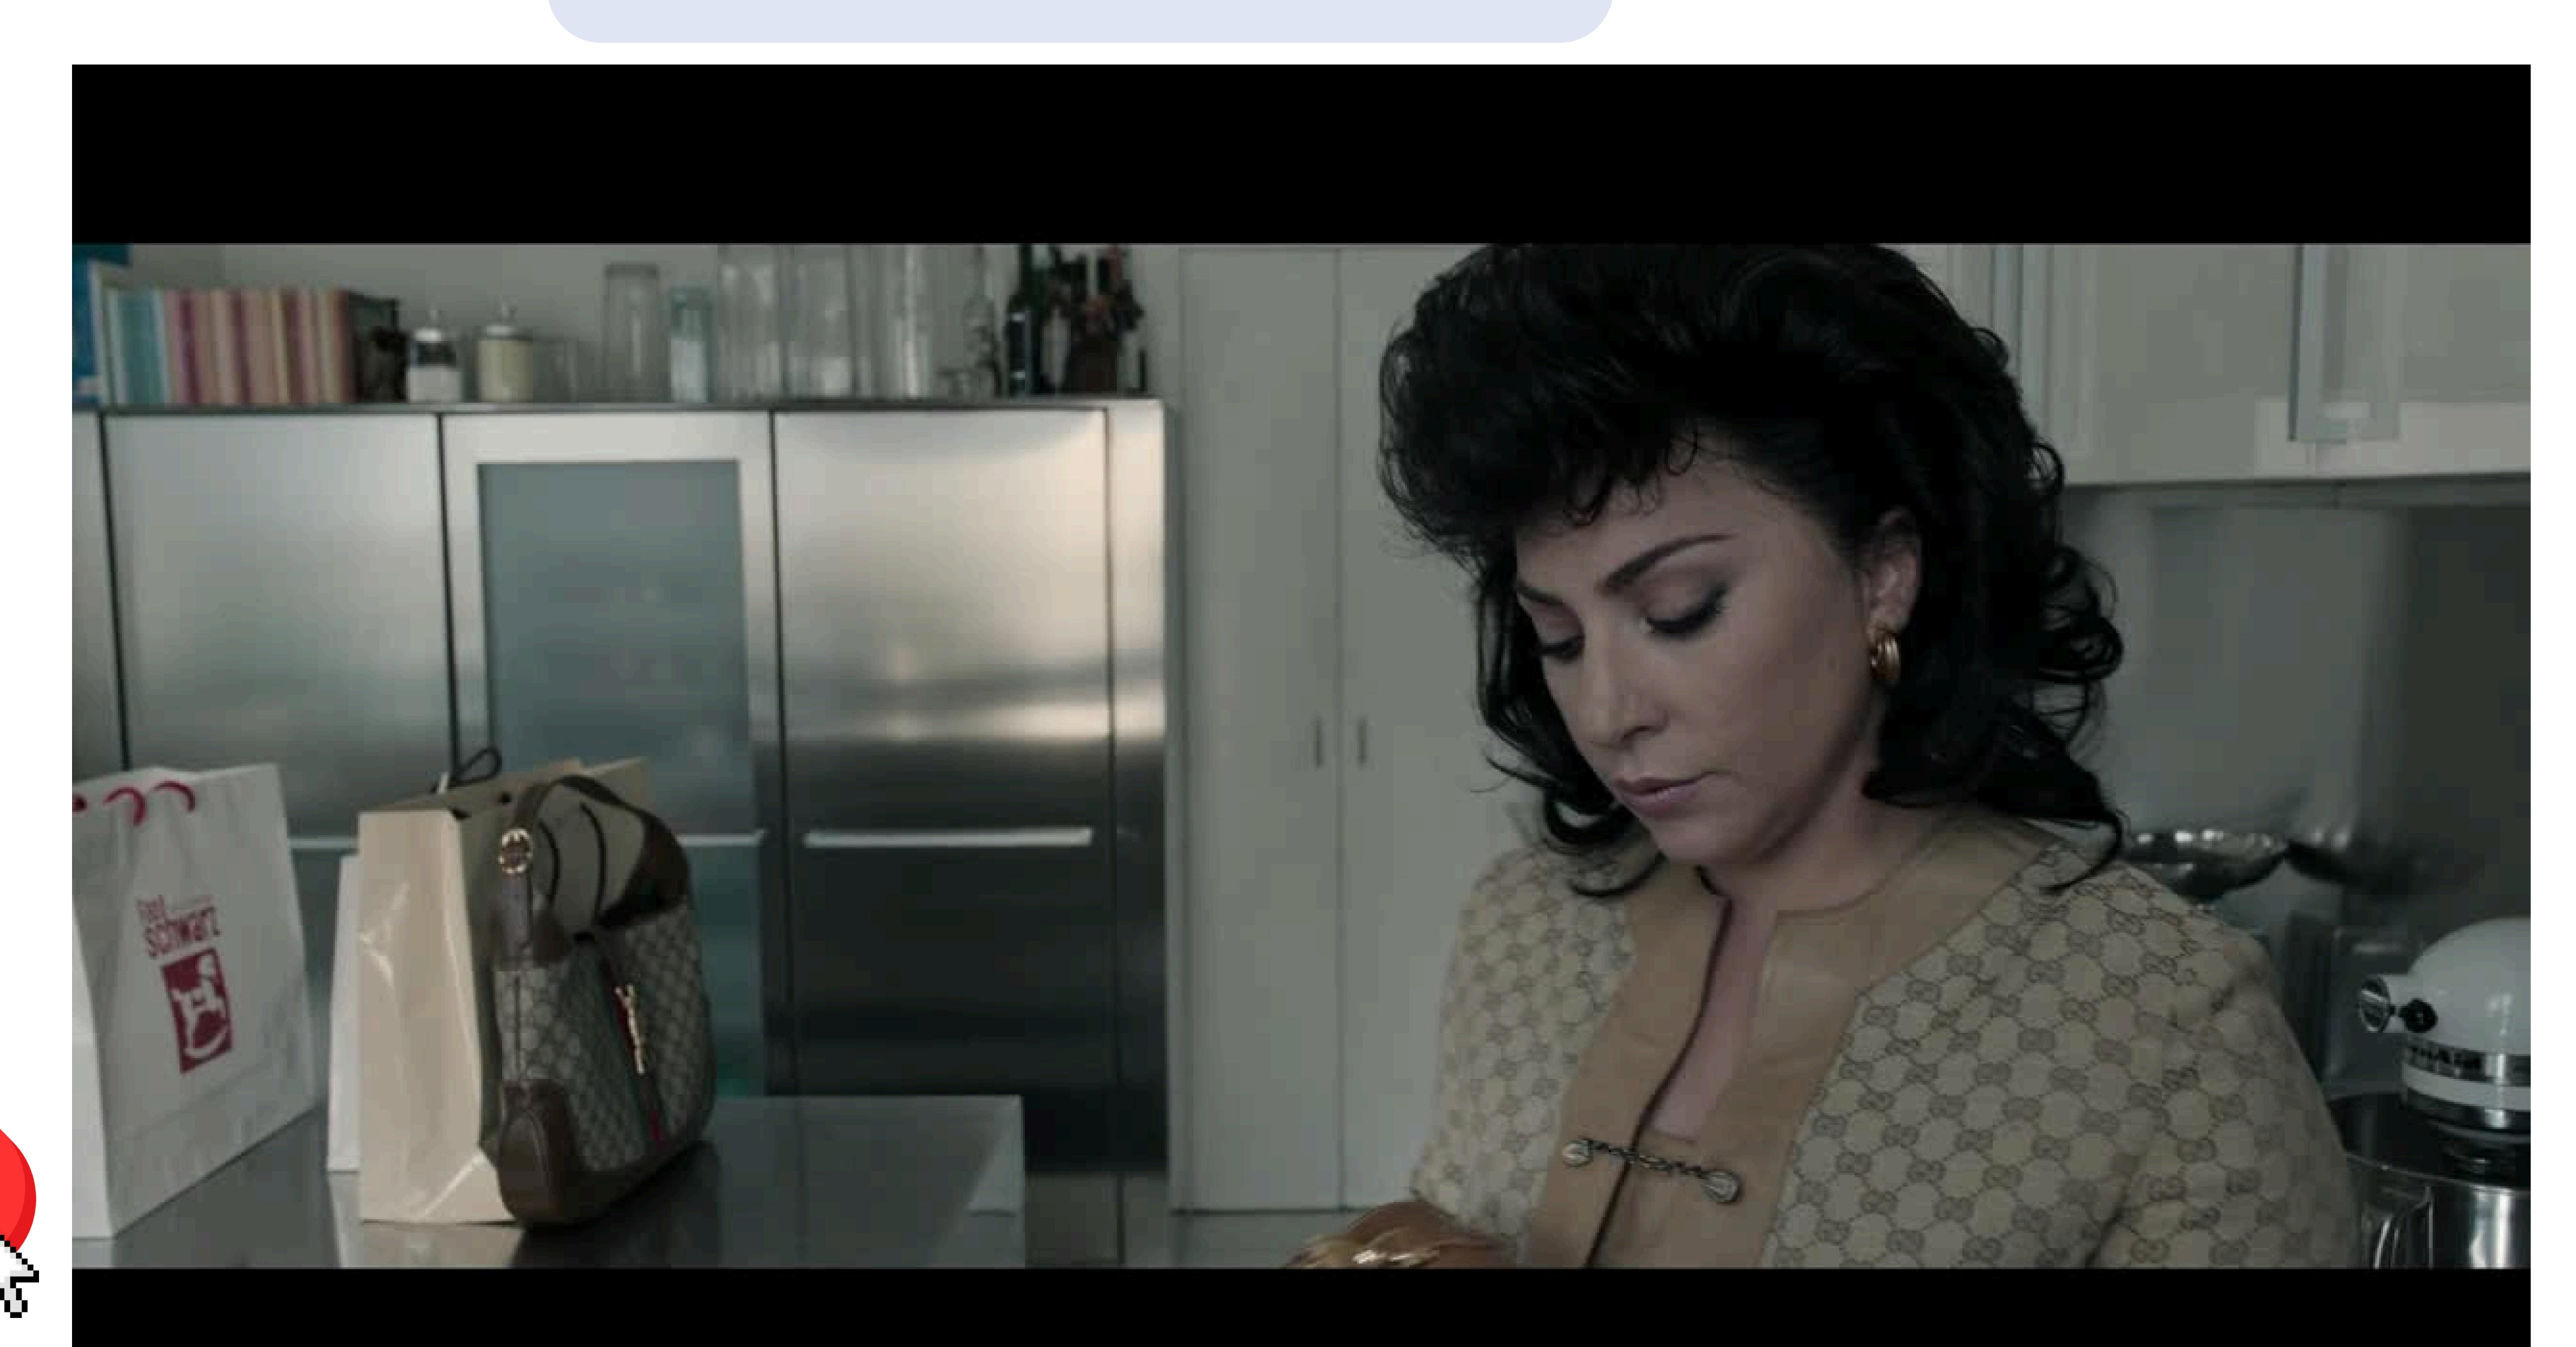

2

Promoting mediation and building trust in mediation.
